

WANTED:

FOREVER HOME
FOSTER HOME
VOLUNTEERS
DONORS

Hemi is a sweet black Lab/Staffordshire terrier mix. He is 2 years old, neutered, UTD on all shots and Heartworm Negative.

He has very loving personality, is great with people and small and medium dogs. Has basic obedience training, is very intelligent and trainable. However, he is a cat chaser and an escape artist. Needs people who will provide him a stable environment, exercise and mental stimulation. He will be your most loyal and loving companion.

He is blind in one eye due to a trauma. You see, Hemi was passed from hands to hands until he landed on the street of Houston. We don't really know what has happened to him, but even after all that he loves and trusts people.

Right now Hemi resides in a boarding kennel. He is very loved there, but he craves for a real home. If you could **foster** this boy, **take him home for a weekend** or just **visit him at the kennel** and play with him - please contact us. We also need **donations** to continue to pay for his boarding.

Please contact **Kasia at Houston Dog Coach**: kasia@houstondogcoach.com or 832 532 3647 or scan the QR tag for more info.
